   3. All consist of private correspondence between me and friends, and/or business associates. These communications also primarily concern personal or business matters other than the CryptoZoo project or Defendants' statements about same, which are the subject of this litigation. My understanding is that the reason they have been produced in this litigation is that they happen to contain some material or references that are responsive to discovery requests Defendants served.

   4. For example, PAUL_CZ00007329-7380 is a long thread of text messages between me and a group of friends and business associates. The discussion in those hundreds of texts centers on personal matters, with the thread containing a single joking reference to one of the Defendants.

   5. All of the communications listed in Paragraph 2 above were made with the understanding and reasonable expectation that they were private correspondence and would not become generally available to the public.

   Pursuant to 28 U.S.C. § 1746, I declare under penalty of perjury that the foregoing is true and correct to the best of my knowledge and belief.
